ISM NAPM OF SOUTH FLORIDA NEWSLETTER

The Professional Times

Volume 1.2008.Nov.

Dear Members,

I am extremely pleased at the opportunity to serve as your President for the second year beginning on August 1st, 2008! I would like to express a heartfelt appreciation for the outstanding board and chairs of NAPM 2007-2008. I encourage you to participate in our 2008-2009 professional development activities, which will include Dinner Meetings, March 2009 Purchasing Month Events, Satellite Seminars and CPSM Review Classes. Our 2008 - 2009 year promises to be a terrific one! We will maintain a tradition of highly informative key note speakers for both our monthly dinner meetings and ISM Satellite Seminars. We will also be holding special events Purchasing Conference in March, 2009.

The Certified Professional in Supply Management (CPSM) was officially launched at ISM's 93rd Annual Supply Management Conference in St. Louis. We recognize attainment of the CPSM as a top goal of our members. CPSM training material will be integrated into several events and the newly offered CPSM Review Classes. Look for information on our new web site in the Calendar of Events, which we will continue to update with details as they become available. All events promise to be a great opportunity for educational advancement and networking.

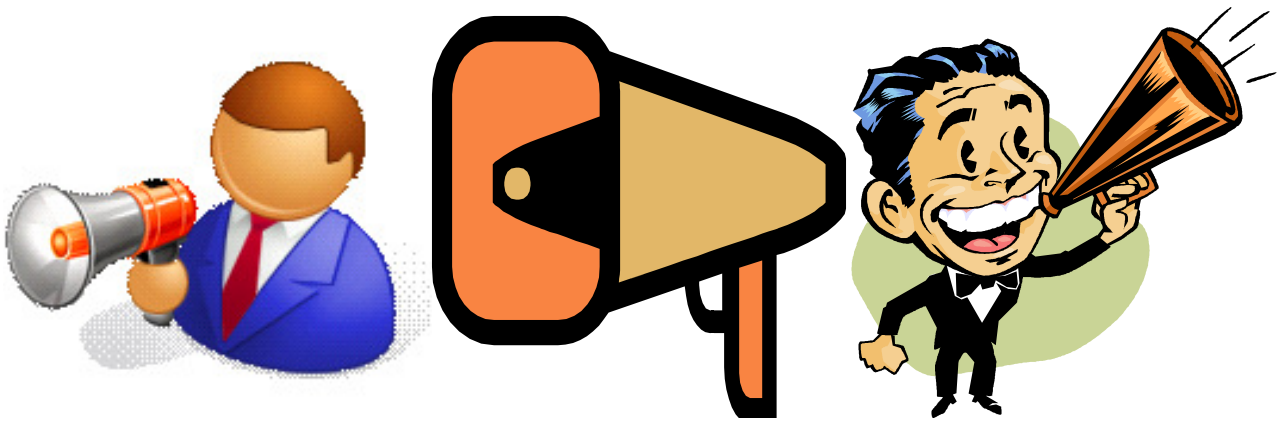

Thank you all for your continued participation in and support of ISM-NAPM of South Florida. Your comments and suggestions are always welcome. Here's looking forward to an outstanding year!

Best Regards,

Leida Altman Carrillo
ISM-NAPM of South Florida
President

Certified Purchasing Manager (C.P.M.) Information Update

The Institute for Supply Management™ (ISM) is currently updating its records on the education level of all active C.P.M.s. If you are currently a C.P.M., please [update your information](#) now.

Certified Professional in Supply Management (CPSM) Program

Institute for Supply Management™ (ISM) announces the Certified Professional in Supply Management (CPSM) as the title for the profession's new qualification. The Certified Professional in Supply Management is slated to be the qualification that supply management professionals strive to obtain. The CPSM will be relevant internationally and reflect the expanded education, skills and experience needed to be a successful supply management professional.
