

# National Association of Purchasing Management (NAPM) of South Florida Dinner Meeting

**March 25<sup>th</sup>, 2010**

## “LEAN CONCEPTS IN YOUR ORGANIZATION”

Sponsored by University of Phoenix

Presented by Cynthia Cabrera

This dinner meeting will include a brief introduction to

Lean Principles; provided by Cynthia Cabrera.

Lean Principles are applied in manufacturing environments,

Healthcare, service sectors, and non profit organizations.

LEAN is a business philosophy that can transform any workplace  
using continuous improvement.

This presentation will cover how to create more value with less  
work, give invaluable insight into continuous improvement and how  
to begin making your organization LEAN.

**Cynthia Cabrera is Lead Consultant of Global Solutions & Services, Inc.**

Global Solutions & Services, Inc. provides business re-engineering consulting in logistics, supply chain management, and manufacturing. Using Lean Principles to identify and eliminate waste and repetition, Ms. Cabrera has consulted for and trained supply chain service providers, manufacturers, and economic and business entities. This range of experience has given Ms. Cabrera a unique perspective that allows her to provide shippers, importers, and manufacturers with a heightened level of insight and execution. She is an adjunct professor at Broward College, where she created and implemented a continuing education course on International Trade and Logistics. Ms. Cabrera is also an instructor for the joint Southern United States Trade Association (SUSTA) and Miami Dade College's "Export Readiness" Program. She is a consulting member of the Maritime Advisors Group and the Gerson Lehrman Group as well as a member of the American Society of Transportation & Logistics, Council of Logistics Engineering, Freight Transportation Consultants Association, and Council of Supply Chain Management Professionals and is an active on the boards of several non profit organizations in South Florida. Ms. Cabrera has a degree in International Business and speaks frequently on process improvement in supply chains, manufacturing, and international logistics.
